

logging/inc/ProfilerSink.h

```
graph TD; A[logging/inc/ProfilerSink.h] --> B[spdlog/sinks/base_sink.h]; A --> C[mutex];
```

The diagram illustrates the dependencies of the file logging/inc/ProfilerSink.h. It is represented by a gray rectangular box at the top. Two blue arrows originate from the bottom of this box and point downwards to two separate white rectangular boxes. The left box contains the text spdlog/sinks/base_sink.h, and the right box contains the text mutex. This visualizes that ProfilerSink.h depends on both base_sink.h and the mutex library.

spdlog/sinks/base_sink.h
